TO SERVE THE NATIONAL CITY

ROSE'S TWIST

Apprentice chef Aonsasiphat 'Rose' Chursuwannachai hasn't even graduated from CIT yet, but she's already making a din in the kitchen.

Her boldness with flavours has helped her become Canberra's newly minted Golden Chef's Hat Award ACT winner.

"I want to mix Western cuisine and Thai flavours together, so it's like a twist," Rose said.

DEVELOPMENT Rezoning brings housing to oval site

Moving the goalposts

Jasper Lindell, Steve Evans

Up to 400 high-density homes will be allowed around an inner north sports oval after the Planning Minister signed off on a major change to ACT planning laws.

Chris Steel has approved a major Territory Plan amendment to rezone

the north and north-western sides of Ainslie's Alan Ray Oval to allow high density residential and commercial mixed use.

The amendment was put forward by Spacelab working with the Ainslie Football Club. A Legislative Assembly standing committee had decided not to hold an inquiry into the change.

Mr Steel said the change was approved because it was consistent with the objectives of the ACT Planning Strategy, Inner North District Strategy and the government's housing priorities.

"The site of the Ainslie Football and Social Club is specifically identified as a category 3 change area in the Inner

North District Strategy, meaning it is a prime location for considered, thoughtful, and well-designed changes," Mr Steel said.

"This site is well-located and will help to meet the growing housing needs of the community.
